Set up in minutes. *Run it like a pro.*

Eight steps for you. About a minute for each guest, with no app. Full guide with screenshots: getgoodreception.com/how-it-works

1 Fill in your event
Go to getgoodreception.com and tap Start now. Pick the occasion, type both names, the date, your ZIP and your email.
✓ Done when every box is filled in.

2 Choose a plan and check out
Tap a plan, tick the consent box, then Continue to secure checkout.
✓ Done when you see "The guestbook is open" and get an email with your links.

3 Open your dashboard
Tap Open next to your private dashboard link. Bookmark it and keep it to yourself.
✓ Done when you see your names and a count of 0.

4 Share your guest link
Tap Copy on "Share with guests" and paste it in the group chat or invitation. Print the QR sign for every table.
✓ Done when the link opens your guest page on your own phone.

5 iPad kiosk (optional)
In "iPad kiosk mode": set a PIN, tick Kiosk mode on, Save. Scan the QR with the iPad and allow camera and mic. Lock with Guided Access (guide: getgoodreception.com/kiosk-setup).
✓ Done when a test video from the iPad shows up in your dashboard.

6 Watch messages come in
Open your dashboard any time. Messages are filed by name. Hide any you'd rather leave out of the show.
✓ Done when you've heard your first message.

7 Press Produce
After the event, tap Produce my radio special. On a Video Show plan, also tap Make my video show.
✓ Done when we email you that it's ready (radio special: usually within the hour).

8 Play, share, download
Play it on your dashboard, share it with family, and tap Download all (ZIP) to keep every original.
✓ Done when the ZIP is saved somewhere safe.

BEFORE YOUR EVENT · 30 SECONDS

- ☐ Dashboard link bookmarked
- ☐ Test message left, and it showed up
- ☐ Guest link in the group chat or invitation
- ☐ QR signs printed: entrance, bar, every table
- ☐ MC has the line below
- ☐ Kiosk: iPad charged, on its stand, Guided Access on

FOR THE MC TO READ

> *"Before you hit the dance floor: there's a QR code on every table. Scan it and leave [names] a quick message. A story, some advice, or just hello. It takes a minute, and they'll keep it forever."*

PRO TIPS

- Signs where people wait, at eye level, in good light.
- Remind guests before the last dance, and text the link the next morning. The link stays open 14 days after.
- Kiosk: quiet corner, light in front of faces (no window behind), camera at eye level, on the charger, Do Not Disturb on.
- Ask a close friend to go first.

QUICK FIXES

- **Camera not allowed:** iPhone Settings › Apps › Safari › Camera (and Microphone) › Allow, then reload. Or tap "Or use your iPhone camera", or record voice.
- **No Wi-Fi:** use mobile data or the phone line, or record later from home. The kiosk uploads when the connection is back.
- **Can't find the link:** dashboard › Share with guests › Copy, and text it.
